

TRAFFIC & TRANSPORTATION COMMITTEE MEETING

MINUTES

Date: July 12, 2006

Location: Waialua Community Association

Meeting called to order at 7:20 PM

Present: Gil Riviere, Kevin Seid, Scott Ray, Reed Matsuura, Bruce Bellows, Jeffrey Alameida, John Moore and Antya Miller.

I. Selection of Minutes Keeper

Reed Matsuura volunteered to take minutes.

II. Approval of Prior Meetings Minutes:

Approved by acclamation

III. Current Traffic Issues:

- a. Scott and Gil worked on a draft letter regarding the realignment of Kamehameha Hwy. in the Kawaihoa area. With the approval of the North Shore Neighborhood Board #27, this draft will be sent to KSBE, DLNR's Peter Young, the Mayor, the Department of Planning and Permitting, the Civil Defense, State Department of Transportation and the Department of Parks and Recreation. Approved by committee.
- b. OMPO Transportation Improvement Program (TIP) – Gil indicated that the next period of funding being considered is for the period 2008 – 2011. The programming of projects is by priority. He is working on getting our projects known and added to the priority list.
- c. Traffic Signal in Haleiwa Town – Chair Dela Cruz's office sent a complaint (RISR) to have DTS look at adjusting the sensitivity of the motion sensor. DTS has determined that the traffic signal is warranted but the residents are saying that the traffic signal has been stopping vehicles on Kamehameha Hwy. for no apparent reason. Awaiting Department's determination.

IV. Haleiwa Walkways update

- a. Funding was in place to begin a portion of the walkways, but the project was cancelled when the new Mayor came to office.
- b. Rep. Magaoay and Senator Robert Bunda have indicated that they would support this project and will look for funding for the state portions at each end of town.
- c. The administration needs to be reminded that during the day the population of the North Shore increases significantly due to the number of tourists in the area. (HTA funds would probably be justified.)

NORTH SHORE NEIGHBORHOOD BOARD NO. 27
TRAFFIC AND TRANSPORTATION COMMITTEE MINUTES
JULY 12, 2006

- d. Discussion of prior plan and problems which held up the project such as easements, dedicated parking lots, road widening, and parking in general.
- e. City is presently working on a draft design for the walkways.
- f. Need to get the knowledge of the various owners of the land and of their business tenants for input on foot traffic, pedestrians and parking.
- g. **Gil moved** that a survey of land owners and businesses in Haleiwa be created to measure support and potential obstacles to the concept. **Approved.**
- h. A working group was created to begin work on a draft survey. Antya Miller, John Moore, Scott Ray and Kevin Seid volunteered.

V. Announcements:

Next meeting will be held August 9, 2006, 7:00 p.m. at the Waialua Community Association main building.

VI. Adjournment

Meeting adjourned at 8:40 PM.
